

Area Nursing Director, Teacher to be Honored

Students and faculty of Los Angeles Harbor College will gather in the school's athletic stadium at 9:30 Friday morning to honor two friends of the college in the school's second annual Convocation.

Mrs. Joanne Eshelman, a teacher at Stanford Avenue Elementary School in South Gate, will be honored as an outstanding alumna, while Mrs. Bernadine G. Clark, Director of Nursing at Los Angeles Harbor General Hospital, will receive an award for her services to Harbor College and the community.

They will receive silver medals bearing the inscription "Amicus Collegii" from Dr. Wendell C. Black, college president.

PRINCIPAL speaker will be Dr. Glenn G. Gooder, former dean at Harbor College, and president of Los Angeles City College.

Purpose of the program, according to Dr. Black, is "to create a sense of accomplishment and new purpose for all members of the college community and to familiarize new students with the spirit of college life so that they will enjoy full benefits from their stay at Harbor College."

The program will include an opening procession of faculty and administrators in academic dress, a color guard from Fort MacArthur, the 72 U.S. Army Band from Fort MacArthur and the college's A Capella Choir under the di-

rection of Robert H. Billings. MRS. ESHELMANN, who now lives in Long Beach, grew up in Wilmington and graduated from Banning High School. She attended Harbor College from 1950 to 1952. With her mother she composed the school's Alma Mater. She was a charter member of the college's chapter of Alpha Gamma Sigma, national honorary scholastic organization, and was elected to Phi Beta Kappa in her senior year at UCLA. After graduation Mrs. Eshelman taught for three years at Dolores Street and Gulf Avenue schools in Wilmington. She is now teaching fourth grade at Stanford Ave. as well as remaining active in

musical and community organizations. She has two children, Sheryl 9 and Mike 7.

MRS. CLARK has had much contact with Harbor students in the vocational and registered nursing programs. Students in the two programs receive part of their training in the wards of Harbor General Hospital. As a member of the Advisory Board for both vocational and registered nursing, she has aided the college in organizing both programs.

A graduate of the Los Angeles County General Hospital School of Nursing and the University of Southern California, Mrs. Clark earned a master's degree in education

from California State College at Long Beach.

Before coming to Harbor General Hospital as Director of Nursing in 1960, Mrs. Clark served as Director of Nursing at Long Beach General Hospital and as an executive assistant for nursing at Los Angeles County General Hospital.

Her professional activities include chairmanship of the Nursing Service Administrators' Section of the California Nurses' Association from 1963 to the present, and chairmanship of the Personnel Committee of the California Nurses' Association.

She lives in Long Beach with her husband, Earl, a retired Navy man.

Army Private Christopher C. Jordan, 17, son of Mrs. Elsie M. Kruger, 537 E. 221st St., is participating with the 101st Airborne Division in Operation Bar Frost 66, a joint-service exercise being conducted near Bardufoss, Norway.

He left the division's station at Ft. Campbell, Ky., Aug. 27 to take part in the three-week maneuver with units of the U. S. Army, Marines, Air Force, and troops from Norwegian and British armed forces.

The exercise is being held to enhance the tactical proficiency of joint U.S. and foreign combat operations.

Private Jordan, a rifleman in Company C, Third Battalion of the division's 187th Infantry, entered the Army

in January 1966 and was stationed at Ft. Benning, Ga., before his assignment at Ft. Campbell, Ky.

Marine Pvt. I. C. Warren A. Stanbrough, son of Mr. and

Mrs. Elwood W. Stanbrough of 2570 Torrance Blvd., has completed a 15-day refresher training and processing cycle with the Staging Battalion at the Marine Corps Base, Camp Pendleton, Calif. The training stressed the

principles of small unit tactics, with particular emphasis placed on the fundamentals of scouting, patrolling, and land navigation.

Marines completing this training are assigned to combat units overseas.

Bowling Club to Begin New Season Saturday

A bowling club for retarded persons in the Southwest Area will resume its weekly meeting this week, according to Charles Spiegel, training and activity chairman for the Southwest Association for Retarded Children (SARC).

The club meets each Saturday morning at the South Bay Bowl located in the South Bay Shopping Center. Meetings are held from 9:30 until about 11:30 a.m.

The club, formed six months ago, is cosponsored by SARC and the Manhattan Beach Dolphins.

many are unable to do so and volunteer scorekeepers are needed.

Ten teams of five members each will be formed, Spiegel said. The teams will be divided into two leagues.

"WE WANT to see not only a continuation of the fine sportsmanship exhibited last season among members, but also a growth of this program," Spiegel said. "We are extending a special invitation to interested newcomers this Saturday."

Further information may be obtained from Spiegel, who lives at 200 Via Alameda, in the Riviera section of Torrance.
